ELITE WAXES

The pinnacle of the wax industry, Caronlab Australia's waxes are formulated using only the highest quality ingredients and manufacturing methods to ensure exceptional results and a luxurious salon experience.

BRAZILLIANT FILM WAX

America's favourite wax just got better.

Brazilliant is a revolutionary 2 in 1 Film Wax like no other, allowing for efficient waxing with gentle results. This strip wax alternative that adheres firmly to both fine and coarse hair without sticking to skin, it grips even the hairs you can't see and requires only one application! Flexible and pliable, it can be applied in large sections without the fear of breaking, making it ideal for speed waxing.

The low working temperature minimizes irritation and gives it a unique dripless form. It's perfect for all body areas including Brazilians, legs, underarm, back, chest and face.

Brazilliant is the only wax you need for POWER IN YOUR POT!

MASQUA POWDER HARD WAX

Feel the difference as you experience this ultimate waxing and skincare treatment all in one. Advanced Micro Cellophane Technology™ gives Masqua its unique powdered form allowing you to refill your wax pot with ease. Masqua melts at low temperature into a rich, creamy wax to reveal the skin's natural beauty.

VIVA AZURE SHIMMER

Cool Advanced Formula with azulene & mica for rapid recovery of the skin!

This ultra flexible, elastic wax has a cool advanced formula, containing Azulene and Mica to soothe and calm and assist in rapid recovery of the skin. Its unique, strong, non brittle formulation has a powerful grip, making it ideal for exceptional results removing short, coarse and stubborn hair. Its electric blue colour and the addition of sparkling Mica makes Viva perfect for clients who want the star treatment!

BRILLIANCE

The Original and No 1 Selling XXX White Wax with exotic coconut

This unique white wax has a creamy formula and highly flexible texture for unrivalled and exceptional waxing results on even the most delicate and sensitive areas of the face and body. With titanium dioxide, Brilliance actively reduces skin redness, giving your salon confidence and exceptional results in every xxx treatment.

Brilliant, not brittle!

DELUXE STRAWBERRY CRÈME

Soft and silky xxx!

Deluxe Strawberry Crème is designed to pamper the senses with a decadent strawberry scent and its luxurious velvety texture. With Titanium Dioxide to reduce redness and skin it's perfect for waxing delicate areas and for those with sensitive or mature skins. With superior flexibility to ensure a smooth, silky finish it is the ultimate wax for a deluxe XXX treatment. Once heated you can't mistake that luscious strawberry scent!

AQUAGEL SUGARING PASTE & STRIP WAX

The Natural Alternative to Hair Removal

AQUAGEL SUGARING PASTE

Specifically designed for sugaring professionals, the Aquagel range is Vegan friendly and ideal for salons and clients preferring natural products being used on their skin.

Aquagel Sugaring Paste is suitable for use with spatula or hand method Low temperature paste.

The jars fits inside Caronlab 500ml Professional Wax Heater and low temperature setting ensures the paste is at the perfect working temperature.

Firm Sugaring Paste

- Easy to control
- Ideal for beginners
- For use on warmer areas of the body such as bikini, underarms and face
- Ideal for hot and humid climates

Soft Sugaring Paste

- Soft consistency for large body areas
- Ideal for experienced therapists
- For use on larger areas of the body such as legs, chest or back

AQUAGEL STRIP WAX

The first water based professional strip wax!

Formulated without resins or chemicals, this revolutionary natural strip wax is gentle on the skin and simply washes off in water, making it quick and easy to use.

With no chemicals needed to clean up, it's environmentally friendly and cost effective. This high performance wax is suitable for vegans and appeals to salons and clients preferring natural products being used on their skin.

Aquagel has a much lower heating point, with a thick gel consistency. There's no resistance with application; once applied, it glides easily and spreads on ultra-thin.
